5.26.010 Definitions.

The following terms, as used in this chapter, shall have the respective meanings hereinafter set forth:

A. “Ambulance” means a motor vehicle constructed and equipped with facilities to transport sick or injured persons.

B. “Invalid coach” means any self-propelled motor vehicle for hire, other than an ambulance or taxicab, and which is designed, equipped and used for the transportation of invalid or handicapped persons on a non-emergency basis. Such vehicles shall require no personnel other than the driver, and shall

not be required to have first-aid equipment, flashing red lights or sirens.

C. “License” means and shall refer to the authorization granted by the city to those persons who own or operate an ambulance or invalid coach which they propose to drive or have driven upon the streets and highways of the city.

D. “Licensee” means and refers to any person holding a license under the provisions of this title.

E. “Manifest” means and refers to a daily record of all trips, showing the times and places of origin and destination, the number of passengers, the charge for each trip, and the general nature of the illness, injury or condition of each passenger.

F. “Person” means and includes an individual, a corporation or other legal entity, a partnership or unincorporated association, excluding, however, the United States, the state of Utah, or any political subdivision or instrumentality of either.

5.26.020 License—Required.

It is unlawful to operate an ambulance or invalid coach for hire within the city without having first obtained and having then in force a valid license.

5.26.030 License—Fees.

A. The annual fee, payable in advance, for a license to operate an ambulance or invalid coach shall be as specified in the fee schedule adopted pursuant to section 5.06.050. Whenever the number of vehicles operated shall be increased during the year, the licensee shall notify the license official of such change and shall pay the additional fee.

B. Fees assessed under this section shall be in lieu of any other vehicle fee required by ordinance, and the license official shall issue suitable tags or stickers for the number of vehicles covered by the license. Such tags or stickers shall be displayed in a prominent place in each vehicle.

5.26.040 Operation without other licenses prohibited.

It is unlawful for any person who owns or controls an ambulance or invalid coach to permit it to be driven for hire without the required state and city licenses. No ambulance or invalid coach licensed by the city shall be driven at any time unless it is operated by a driver possessing a valid emergency medical services system license issued by the state of Utah.

5.26.050 License—Insurance or bond required.

A. Notwithstanding any other provisions of this section, no operations shall be conducted under any license issued pursuant hereto unless there is on file with the city bond office a certificate of insurance executed by an insurance company or association authorized to transact business in this state, upon a form as prescribed by the city, that there is in full force and effect a policy of insurance conditioned to pay any final judgment against the licensee or any settlement entered into by the licensee for bodily injury to or the death of any person resulting from the negligent operation, maintenance or use of ambulances or invalid coaches by such licensee, its servants, agents or employees, or for the loss or damage to the property of others, in the amount of \$50,000 per occurrence.

B. Such policy or policies shall cover all ambulances and invalid coaches used or to be used by such licensee. In lieu of this insurance herein provided for, the city may, in its discretion, accept a bond to be approved by it under such rules and regulations as the city may prescribe, with a sufficient corporate surety or not less than two personal sureties (who shall be residents and freeholders of this state), conditioned to pay damages as herein provided for.

5.26.060 License—Vehicle certification.

No license shall be issued under this sec-

tion until the police department shall have found and certified that the ambulance or invalid coach has met all standards established by the health department and by the other applicable provisions of this title.

5.26.070 Fares and charges to be filed.

Every licensee shall keep on file with the city, or with such board or officer as it shall designate, a current schedule of all fares and charges for its transportation service hereunder, and no transportation shall be performed or service rendered except in conformity therewith. This section shall not apply to rates established by agreement with any public or private school, charitable or nonprofit organization, with the federal or state governments, or any political subdivision.
